

## STARKY

design David Lopez Quincoces

Set of 3 stackable tables in steel with matt black epoxy powder coating RAL 9017 and wooden tops. Each table features a 15 mm thick MDF top veneered in three different combination of wood, with water-based acrylic paint finish transparent mat or, alternatively, the woods are dyed dark before the final step of finish.  
Base consisting of 3 lacquered legs in laser-cut tube section (Ø25/32/40 mm) welded to the laser cut 5 mm thick steel sheet under top frame. Floor support provided by black plastic tips inset in the legs.

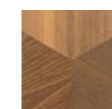

Dimensions:  
- Ø46 h.46 cm; wood: Chestnut, Thermo Chestnut, Elm.  
- Ø46 h.49 cm; wood: Thermo Douglas, Thermo Larch, Thermo Oak.  
- Ø46 h.52 cm; wood: Thermo Acacia, Thermo Chestnut, Thermo Eucalyptus.

### Notes

Wood is a living material; therefore, it can have slight color and dimension changes. The presence of any non-homogeneous color shades is not to be considered a defect but a quality.

Please note that the direct sunlight exposure may alter the wood color; therefore, we recommend the periodic position shift of the objects placed on the furniture for the first months to avoid differences in shades between exposed and covered portions.
