

## FROG - FROG LOUNGE | INDOOR - OUTDOOR

design Piero Lissoni

Armchair and chaise longue available for indoor and outdoor use.  
Padded armchair

**Indoor version:** supporting frame in chromed steel or with epoxy polyester powder coating in Gunmetal grey color, burnish color, RAL 9010 white, RAL 9017 black and, upon request, in AISI 316 stainless steel with matte satin finish. Metal frame embedded in cold-expanded polyurethane foam, with covering of 100% polyether thermally bonded to a polyamide velveteen backing. Seat and backrest cushion with preformed polyurethane foam structure, covered with acrylic fibers. Quilted fabric or leather upholstery. The fabric upholstery only is fully removable with zippers and Velcro fastenings, upon removing the frame.

**Outdoor version:** supporting frame in AISI 316 stainless steel with matte satin finish or AISI 316 stainless steel with epoxy polyester powder coating in Gunmetal grey color, burnish color, RAL 9010 white, RAL 9017 black. Metal seat and backrest frame embedded in cold-expanded polyurethane foam and with a draining fabric cover. Seat and backrest padding with preformed open-cell polyurethane foam structure, covered with acrylic fibers, and a draining fabric cover. Quilted upholstery in outdoor fabric only, fully removable with zippers and Velcro fastenings, upon removing the frame. In case of patterned fabric, full coverage featuring stitching and topstitching details.

Woven armchair and chaise longue

## Notes

The supporting frame of armchair Frog in Stainless Steel AISI 316, has undergone and passed the corrosion test (UNI ISO 9227:93) with issue of relative certificate by CATAS®.

For information on the compatibility of the collection's coverings with each product, please refer to the [compliance sheet](#) provided in the "Materials" section of the website.

For leather coverings the "Leather A" or "Leather B" Maintenance Kit is included with the product.

For the OUTDOOR version, we recommend placing the product on terraces or verandas to guarantee its durability over the years. It is recommended to use a "Protective Cover" to improve the longevity of the product. For further information about the dedicated maintenance, please refer to the technical sheet available in the "Materials" section on our website.

The weaving in Cellulose Rope Profile is not available for the Frog Lounge version.
