RIVULET | INDOOR - OUTDOOR

design Junpei & Iori Tamaki

Chair available for indoor and outdoor use.
Indoor version: solid Ash frame Ø30 mm with natural acrylic coating and water-based acrylic coating, or Charcoal-dyed with acrylic base and transparent acrylic finish, or in Ø22 mm steel tube with epoxy polyester powder coating in Gunmetal grey color. Seat frame in plywood with spring system with cross-woven elastic straps made of coated rubber and padding with polyurethane foam, covered with acrylic fibers.

Outdoor version: tubular frame in AISI 316 stainless steel with epoxy polyester powder coating in Gunmetal grey color; seat frame in outdoor plywood with spring system with cross-woven elastic straps made of coated rubber and padding with open cell structure polyurethane foam, covered with polyester fibers and draining fabric cover. Backrest and armrests with decorative weaving in hide rope (for indoor use only), cellulose rope (for indoor use only) or synthetic rope (for indoor and outdoor use), in the collection finishes.
Non-removable seat upholstery in fabric or leather; for the outdoor version, in outdoor fabric only.
Floor support provided by plastic tips.

Notes

Wood is a living material; therefore, it can have slight color and dimension changes.
The presence of any non-homogeneous color shades is not to be considered a defect but a quality.

For information on the compatibility of the collection's coverings with each product, please refer to the compliance sheet provided in the "Materials" section of the website.

For leather coverings the "Leather A" or "Leather B" Maintenance Kit is included with the product.

For the OUTDOOR version, we recommend placing the product on terraces or verandas to guarantee its durability over the years. It is recommended to use a "Protective Cover" to improve the longevity of the product. For further information about the dedicated maintenance, please refer to the technical sheet available in the "Materials" section on our website.
