TETHYS

design Oscar & Gabriele Buratti

Table with central open compartment, composed of a MDF ring-top, Ø128 cm outer and Ø49 cm inside, 25 mm thick available veneered or polished, and a base - with a central compartment - in "sandwich" of multilayer and MDF always lacquered matt black.
Veneered version: top veneered, on the top part only, in charcoal-dyed oak, Stone Oak®, or in multilaminar wood Striped Grey, with acrylic painting finish; edge and bottom always lacquered matt black.
Polished version: top and edge lacquered in glossy RAL 3005 Red Wine with bottom always lacquered matt black. All top versions are fixed to the base by tie rods. "C" shaped side tables, in sizes Ø39 h.48 cm or Ø49 h.40 cm, available with top in marble, wood or with a supporting tray, consisting of a laser-cut steel sheet base and under-top in pre-moulded steel sheet, joined by a Ø30 mm steel and welded together and finished with epoxy powder coating Gunmetal grey.

Top in marble, 15 mm thick (10 mm thickness at sight), available in Bianco Carrara, Nero Marquinia, Rosso Levanto, Sahara Noir, Grigio Orobico or quartzite Deep Blue with satin finish and opaque transparent protective varnish or glossy or opaque polyester finish. Top available also in HPL 8 mm thick, veneered in charcoal-dyed oak or Stone Oak® with acrylic painting finish. Supporting tray Ø39 cm h.4,5 cm or Ø49 cm h.4,5 cm in moulded aluminum, 2 mm thick, lacquered with epoxy powder coating Gunmetal grey with plastic spacers. The Ø49 cm tray can also be used as a closing element for the central compartment of the Ø128 cm table.

Notes

Wood is a living material; therefore, it can have slight color and dimension changes. The presence of any non-homogeneous color shades is not to be considered a defect but a quality. Please note that the direct sunlight exposure may alter the wood color; therefore, we recommend the periodic position shift of the objects placed on the furniture for the first months to avoid differences in shades between exposed and covered portions.

STRIPED GREY: it is a decorative multilaminar wood veneer, always finished with a transparent acrylic painting, which features exclusive patterns reproducing the natural characteristics of wood. We would like to remind you that, being a natural and living wooden material, it may present non-homogeneous colour shades, which are peculiarities of the material itself.

STONE OAK®: this wood owes its particular coloring to an entirely natural process. Because of this, some slabs may look more brown than others. Our commitment is to provide you a high-quality product; any differences in color should not be considered as defects. For further information about this wood, please refer to the technical sheet available in the "Materials" section on our website.

On request, an additional protective (acrylic solvent) painting is available for the Stone Oak® finishing only. It should be noted that this additional coating slightly changes the natural color and texture of the surface. Although this supplementary painting increases the surface resistance, it is still a natural material; therefore, small superficial stains, due to oil or other substances, must be promptly removed, before being absorbed in depth by the wood. Thus, we recommend regular care and maintenance.

For the marble top version please specify the required finish in the order.

For marble finishing with opaque matt polyester finish, the "Marble" Maintenance Kit is included with the product.

The tray can also used as a closing element for table Ø128 cm.
