Ode to the pause: a summer of discreet elegance with Living Divani

As summer arrives, time stretches and slows. The days grow longer, thoughts become lighter, and the desire for a pause takes shape in carefully chosen places of regeneration: a seaside home, a hillside retreat, a summer residence where every detail tells the story of a slow life-style. **Living Divani** interprets this season with a selection of furnishings defined by essential yet sophisticated design, created to accompany leisure time with natural elegance. Objects that transform every pause into a sensory and revitalizing experience.

Designed by **Piero Lissoni**, this modular system redefines the concept of open-air relaxation. Soft, generous, and deeply welcoming, **Extrasoft** is a free and customizable composition model, perfect for creating contemplative corners on a veranda, terrace, or beneath a portico. An invitation to let go and rediscover the natural rhythm of your own gestures.

Two poetically charming icons designed by **Mist-o** and **Shibuleru**, respectively:
Daydream, the chaise longue that envelops the body and guides it on a journey of silence and introspection.

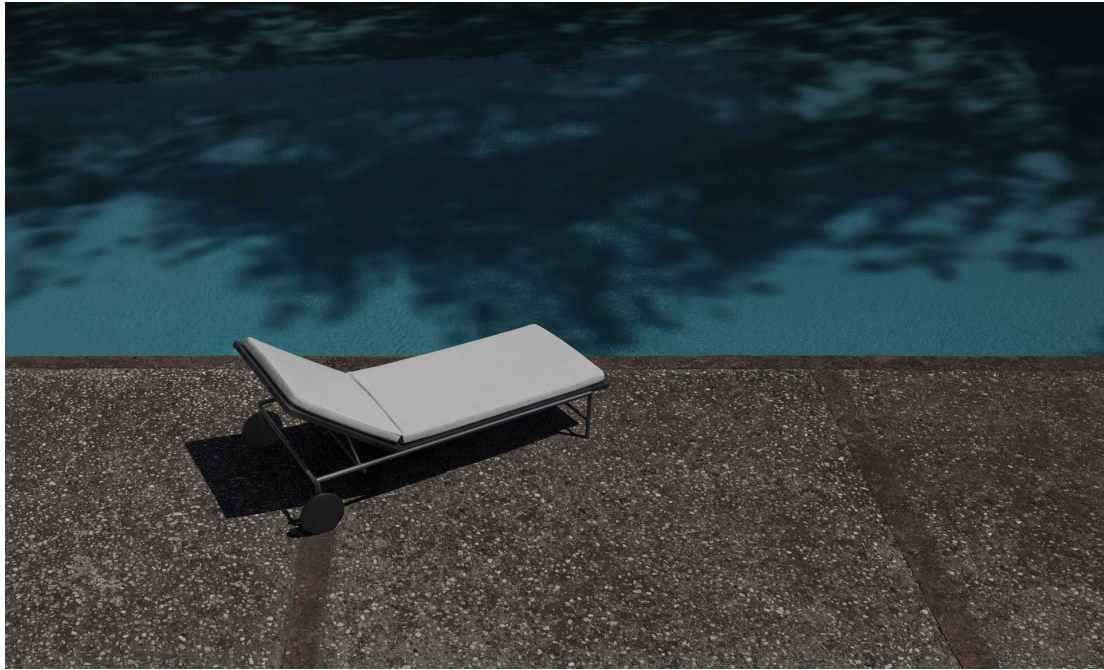

Flow, the rocking chair that evokes the gentle movement of childhood summers.
Ideal for cozy corners where time seems to pause and thoughts are gently cradled.

Strict in form yet generous in comfort, **Ile Club**, designed by **Piero Lissoni**, is a sofa that effortlessly combines elegance and functionality. Its measured proportions and pure lines make it suitable for sophisticated outdoor settings, as well as city verandas or loggias, where one seeks to create an intimate and quiet atmosphere. An urban refuge where balance and well-being are rediscovered.

A slender, lightweight, almost floating table, and seating with a discreet yet embracing profile: **Notes** (design by **Massimo Mariani**) and **Maja D** (design by **Piero Lissoni**) form a harmonious ensemble, perfect for an outdoor breakfast, reading in the shade, or a sunset conversation. A small setting conceived for moments of rest and connection.

More than just a sun bed, **Sale** (design by **David Lopez Quincoces**) is a statement of style and essentiality. Linear and elegant, it gracefully and subtly accompanies summer gestures—a dive, a sip, a moment of waiting. It is the place where light settles and the body surrenders, free to breathe in time.
